**NORTH STREET GREENHOUSES**

**Danielson, Connecticut**

We would like to take this opportunity to thank those who have favored us with their orders in the past and to welcome all new customers to our ever growing list of satisfied patrons.

A friendly invitation is extended to all who wish to visit our greenhouses which are located one mile from the center of Danielson, Connecticut, on North Street off Connecticut Route 12 (open weekdays, Sundays. and holidays). Visitors will find much of interest. We have devoted over twenty-five years to our collection of Rex and Fibrous Rooted Begonias of which we have over 300 varieties, the largest collection of Begonias in the East. Our greenhouses also afford the opportunity to see a large collection of rare and unusual plant material. Of special interest is the Ponderosa Lemon Tree, Guava Trees, Bird of Paradise, and many other interesting horticultural specimens.

We hope this catalog will help you in making your selections and we await the opportunity to be of service.

Sincerely yours,

NORTH STREET GREENHOUSES

*Ernest K. Logee*

---

**Terms:**

No orders accepted for less than \$2.00.

Cash should accompany all orders.

Plants will be skillfully packed and sent postpaid via the best method. Plants are in 2½" to 3" pots.

THIS CATALOG CANCELS ALL PREVIOUS PRICE LISTS.

## REX BEGONIAS

### Large-Leaved

- EMERALD GIANT. Leaves of light green with irregular silver markings. 50c.
- LORD PALMERSTON. Olive green leaves with lighter green zone. Stipuled with sage green. 50c.
- LESOUDSII. A strong grower. Large maple-leaf type, dusky olive green, irregularly zoned, spotted with pea green. 50c.
- STAR DUST. Large dark olive green, entirely dusted with silver. 50c.
- PRESIDENT CARNOT. Round leaf, dark olive with raised blotches of silver, an old favorite. 50c.
- QUEEN WILHEMENA. A popular variety. Silver leaves bordered with light green. 50c.
- PERLE DE PARIS. Beautiful large leaves of silver metallic green. Flowers striking lemon color. True elephant ear begonia. 50c.
- MARLBOROUGH BEAUTY. A new Rex introduced by Mrs. Mary Kennedy. Silver leaves with green marking. Very striking. 50c.
- RUBENA. Dark green background overlaid with blotches of silver, pink flushed when grown in sunlight. 50c.
- FIESTA. Similar to above. The silver blotches are more outstanding. \$1.00.
- MONTALVO. A large silver leaf with palmate center, and dark green edge. 75c.
- MRS. JOHN BURNHAM. Silver leaves lightly covered with pink hairs. 50c.

### Medium Leaved

- PETER PAN. An excellent type with rounded green leaves stipuled and irregularly marked with silver. 50c.
- SILVER CORD. Ground color grey green irregularly marked with silver between veins. Sometimes flushed with pink in sunlight. 50c.
- MODESTY. A striking variety with green background and markings of silver, over all a pink flush. Strong grower. 50c.
- IMPROVED MODESTY. Strong grower, dull silver leaf peppered with dark spots, entire leaf flushed with daphne pink. \$1.00.
- QUEEN OF HANOVER. One of the oldest and best rex. Rounded leaves of olive green with pea green edge. Leaf and stem covered with corinthian pink hairs. 1.00.
- GREEN BERRY. Dark olive green leaves heavily stipuled with silver. Strong grower. 50c.
- MRS. FREVERT. Maple leaf, center and border dark olive, irregular zone of light elm green. 50c.
- SPIDER WEB. Pointed leaves of silvery green, slightly hairy. 50c.
- SILVER KING. One of the loveliest of silver rex. 75c.
- A. D. DAVIS. Medium grower with rounded leaves of silver. Center and border dark olive green. 50c.
- HUNTINGTON LAKE. Wavy leaves of dark maroon, sparsely covered with hairs and silver spots. 50c.
- EMERAUD. Typical rex leaf of grass green. Very desirable. 50c.
- INIMITABLE. Upright pointed leaf of shiny tea green, covered with coarse hairs of vinaceous purple. 50c.

- DREW. Small center and edge grass green. Zone gray green so formed as to give a perfect illusion of a leaf within a leaf. 75c.
- CHILDS SPOTTED. Very dark brown leaf with gray spots. 50c.
- EMPEROR. Silver gray rounded leaf, flushed purple: slightly hairy. \$1.00.
- SEA NYMPH. Dark maroon leaves with silver markings. Edge light green. 75c.
- KING HENRY VII. Changeable maroon leaves with irregular silver markings. \$1.00.
- ELLA MARGUERITE. A strong grower with grey green leaves. Dark green palmate center and edges. \$1.00.
- MOONBEAM. Typical rounded leaf of light grey green. Strong silvery sheen. The lightest of all the rex. \$1.00.
- SILVER CLOUD. A lovely light silver green. 50c.
- SILVER QUEEN. A soft silver grey with overcast of metallic purple in center. 50c.
- POMO. Light green covered with reddish hairs. \$1.00.
- ROSE DURGIN. A dark olive green with silver marking and metallic sheen over all. 50c.
- EVERGREEN. A new greenleaved type with slight silver marking at tip of leaf. 50c.
- ALEXANDRA. Dark green leaves with silver edging. 50c.
- TIOGA. Dark bronze with overcast of grey. 50c.
- GRIFFITHII. New species from India. Velvet plush leaves. green with silver band. \$3.00.
- COON'S EYE. Crinkly, green edge, silver leaf.
- FAIRY. Pointed silver leaf, veined with gnaphalium green, tinted with pink. \$2.00.
- METEOR. The most lovely, and changeable, compact grower, silver leaves beautifully flushed with pink. \$3.00.

#### **Upright or Branching Rex**

- MRS. A. G. SHEPARD. Ivy leaved small center dark olive, indented edge of dark green, field tea green. 75c.
- ROBERT GEORGE. Maple leaf of silver, center and edge olive green. \$1.00.
- PEARL HUME. Often called Adrien Schmitt; many pointed leaf, olive green, blotched with silver, flowers-white. 50c.
- NIGGER TREE. A Cathayana hybrid, leaves medium dark red with green zone. \$1.00.
- BERTHA MCGREGOR. Old favorite, leaves large palmate, center and edges oliveaceous black, long blotches of silver and irregular spots running out at ends of points. 50c.
- ALFREANA. A new Rex, one of Robinson's Hybrids, pointed medium size leaves of silver slightly flushed with pink; outstanding flowers of ivory pink in large cluster. \$1.00.
- VAN EX. Lovely type, green leaves overlaid with silver. 75c.
- CHARLES SCHMIDT. Pointed leaves of brownish green, silver blotched. 50c.
- MRS. MOON. Lovely compact grower, silver leaves with metallic sheen. 50c.
- PINKIE. A new Rex, introduced by Leslie Woodriff. Small rounded leaves of silver entirely flushed with purple. \$2.00.

- KENNEDY SEEDLING. Another new Rex with small leaves of silver green, center dark olive. \$1.00.
- SILVER SWEET. A beautiful compact grower, silver leaves with metallic sheen. \$1.00.
- ABEL CARRIERE. An old favorite with silver leaves, flushed pink in sunlight. \$1.00.
- SILVER FLEECE. Small grape leaves of silver green, an old favorite. 50c.

### Brilliant Colored Leaved

- GLORY OF ST. ALBANS. Leaves bright rose overlaid with silver, named for the Cathedral windows in St. Alban's. \$1.50.
- HER MAJESTY. Beautifully flushed dark olive green leaves. \$1.00.
- KING EDWARD. Leaves dark, overlaid with purple. \$1.00.
- MIKADO. Large leaves of silver overlaid with bright rose. \$2.00.
- CARDOZA GARDENS. Leaves of bright green edged with silver and silver spots, flushed over all with pink. \$1.00.
- CHRETIEN. Medium leaves of silver palmate marked with olive green and edged with dark green; whole leaf overflushed with crimson. \$1.00.
- CRIMSON GLOW. Silver pointed leaf sprinkled with rose metallic. 75c.
- MOUNTAIN HAZE. Large beautiful silver flushed pink leaves. \$1.00.
- WADSWORTH MT. HAZE. Even more brilliant than above. \$2.00.
- FIREFLUSH. One of the finest of Rex; leaves dark green edged with black, entire leaf covered with red hairs; new leaves resemble red velvet, flowers white and very fragrant. \$2.00.
- GREEN FIREFLUSH. As above with greener cast. 75c.
- PACIFIC SUNSET. Rather dwarf grower, silver leaf with purple. \$2.00.

### Dark Leaved

- MAGNIFICA OR HELEN LEWIS. Leaves dark red with distinct silver zone, overflushed with purple. \$2.00.
- RAJAH. Rather long pointed leaf with lustrous black center, overcast with purple. \$1.00.
- MIDNIGHT. Overall a dark reddish green, stipuled with red hairs. \$1.00.
- JECOCK MIDNIGHT. Very dark olive green. 50c.
- BLACK KNIGHT. Lovely dark red leaf, zoned with silver spots. \$1.50.
- BURVEL. Rounded leaf of dark red, overall distinct silver spots, round stems very hairy. \$1.00.
- BEARDED. A favorite Rex, dark green with silver markings, overall a thick matting of silver hairs. 75c.

### Spiralled or Erdody Group

- CAROLYN MARTIN. Silver spiralled leaves with dark green edge. \$2.00.
- ELEANOR McGEE. Silver spiralled with red hairs. \$2.00.
- BEATRIX. Silver with metallic cast. \$2.00.
- PRINCESS OF HANOVER. Typical curly leaf, very papillary, zone pea green, border ivy. \$2.00.
- COUNTESS LOUISE ERDODY. Silver leaf with pink overcast. \$2.00.

- NEW ERDEDY. Entire leaf silver: very striking. \$2.00.
- CAPTAIN NEMO. Center leaf silver green, with outer edge a bright green. \$1.50.
- BRONZE KING. Leaf very curly, bronze color overlaid with silver spots. \$2.00.
- CURLY STARDUST. Leaf dark green, sprinkled with silver. \$2.00.
- CURLY CARNOT. Leaf dark green, heavily marked with silver. \$2.00.
- OKEFINOKE. Largest in this class, leaf and edge dark green with silver band and spots. \$1.50.
- TWISTY SPOT. Cork-screw leaf, dark background, stipuled with silver spots. \$3.00.
- CARMELITA. Leaf dark green with brown markings and silver bands. \$2.00.

#### **Small Leaved or Dwarf Group**

- CALICO. Round leaves of dark green with raised silver spots; overall flushed purple; very choice. \$1.00.
- BABY RAINBOW. Just what the name implies; a miniature Rex with rainbow hues; rare. \$2.00.
- LUCILLE CLOSSON. Dark red miniature with metallic sheen. \$1.50.
- LUCY CLOSSON. Dwarf black leaf with tiny flecks of purple at tip of leaf. \$2.00.
- LOUISE CLOSSON. Larger leaf, very dark, large spot of purple, metallic overcoat. \$2.00.
- IRISH COLLEEN. A small leaved upright Rex with bright grass green leaves. \$1.00.
- KATHLYANA. Maple shaped leaves of olive brown heavily spotted with silver; very compact grower. \$2.00.
- PANSY. Unusual metallic green with distinctly marked center of dark green; flowers rose. \$2.00.
- FLAPPER. Pointed leaves of dark green, heavily striped with silver. \$1.00.
- HUSBANDS FAVORITE. Round leaves of silver overlaid with pink to give an opalescent effect; choice. \$1.50.
- IT. A Rex hybrid, green leaves striped with silver; flowers freely, bright pink. \$1.00.
- MULBERRY. Edge and center dark red with band of silver, overall a suffusion of Mulberry; very striking. \$1.00.
- MARIAN LOUISE. Center and edges brownish black running into spots and blotches of pink, purple zone, bright green heavily spotted with light grey green. \$1.00.
- COONS EYE. Crinkly edge, green eye, silver leaf. \$1.00.

#### **Grape-Leaved Group**

- PEARLI. A dwarf grower with shiny very light green leaves glossed with darker green between the veins. 50c.
- SPECULATA. The grape leaf begonia, crinkly brown leaves, flowers in racemes above the foliage, pink. 50c.
- ILLUSTRATA. Small compact grower, leaf round with one point, rough and crinkly green, sunken markings along veinings that make a regular network pattern. 50c.
- ACIDA. A low growing type with large cedar-green leaves, coarsely veined. Flowers on long stems, pinkish white in winter \$1.00.

## FIBROUS ROOTED BEGONIAS

### New and Rare

- DICHROA. Leaves dark green, silver-spotted with raised veins; flowers glorious orange-scarlet color, rare in begonias. \$2.00.
- RICHARD ROBINSON. Leaves deeply and irregularly cut with beautiful silver markings. \$1.00.
- RUPICOLA. A rhizomatous type with medium leaves of light green, and very dark chocolate markings. Flowers pink. New. \$3.00.
- SCHULZIANA. Kidney-shaped leaves, shallow lobed with crenate edge; small flowers of palest pink. \$1.00.
- DANCING GIRL. Dwarf growing angel wing type, leaves much silvered, each leaf a different cut and size. No two leaves alike. Very interesting. Flowers red. \$2.00.
- Mme. FANNY GIRON. Dark green leaves, compact growth with excellent scarlet blooms. \$1.00.
- PUNCTATA. Green leaves bronzed near the margin on upper side, reddish underneath; heavy clusters pale pink flowers. \$2.00.
- ENGLERI. Very furry stem; emerald-green leaves red veined and glistening with white hairs; flowers pink on long peduncles. \$1.00.
- TENUIFOLIA. One of the oldest known; leaves thick, deep green above, lighter beneath with light red veins; flowers profusely, delicate pink. \$1.00.
- ARTHUR MALLET. One of most richly colored; dark red-bronze leaves overlaid with silver-pink dots; large clear rose-pink flowers. \$2.00.
- MANNI. Leaves medium green, smooth; flowers in pairs deep rose-pink \$1.00.
- DAWN. Small leaves of clear silver, veined with dark green; serrated red edge. \$1.00.
- ELSIE M. FREY. Heart shaped leaves dark glossy green with light red beneath; flowers rose-red. \$3.00.
- ALZASCO. Leaves of darkest green silver-spotted and silver-tipped; under side dark maroon with pale green veins; blooms dark red. \$1.00.
- ELAINE. Long narrow ruffled leaf of olive green; large clusters of rose-pink flowers. \$2.00.
- GLOIRE DE JOUY. Leaves ruffled, serrate, red edge and red sinus; flowers pink. \$2.00.
- LUXURIANS. Compound leaves resemble an umbrella; small cream-colored fragrant flowers. \$2.00.
- GOEGOENSIS. Large egg shaped leaves dark olive-green with bronze blotches; rose colored flowers. Very rare \$4.00.
- CATHAYANA. Leaves of emerald-green with ruby-red veins and a zone of lighter green; under side deep ruby velvet; flowers most unusual soft orange. \$5.00.
- MANICATA AUREO CRISTATA. Large curly edged leaves, mottled yellow. \$3.50.
- RIGIDA. Green star-shaped leaf silver tipped; blooms white, flushed pink. \$2.00.
- LIEBMANNI. Lobed green leaves splashed with silver and purplish beneath; flowers white. \$2.00.
- IMPERIALIS. Leaves olive-brown with irregular bands of bright green thickly set with tiny white hairs; two-petaled white flowers. \$3.00.

IMPERIALIS MACULATA. Bright green leaves spotted with white. \$3.00.

MALABARICA. One of the oldest known; deeply toothed leaves, covered with short white hairs; flowers pale pink. \$2.00.

ALNIFOLIA. New species from Costa Rica. Bushy growth, leaves like the alder tree. \$1.00.

COOPERI. New. Branching, shapely plant with glossy leaves. Flowers white above the foliage. \$1.00.

CARPINIFOLIA. Beech leaf Begonia. Interesting specie with pleated, light green leaves. \$1.00.

VESTITA. New species from Costa Rica. Leaves thick on short stems. Heart shaped, light green edged with pink. Flowers soft pink. \$2.00.

DAYII. New Mexican Species. Large shiny green leaves with black veins. Flowers on long stems. cream colored. Very distinctive. \$3.00.

### OTHER INTERESTING TYPES

RED KIMBALL. Like the above with deep red leaves. \$1.00.

COSTA RICA. No. 1. A thick stemmed type with shiny leaves, flowers pink in winter, much like the Pond Lily type. \$1.00.

DICHOTOMA. A strong shrubby plant, with bright green leaves and rough texture. Flowers white in fine feathery clusters above the foliage. 50c.

DIADEMA. An interesting plant with deeply cut silver streaked leaves. Upright growth. Flowers white, flushed pink. \$1.00.

DELICIOSA. Another species like the above from Borneo, but with red stems, and the leaves even more serrated. \$2.00.

INDIAN SPOTTED. Resembles Diadema, flowers much larger, hanging in drooping clusters. \$1.50.

ACONITIFOLIA var. HILDEGARDE SCHNIEDER. A tall growing type with deeply lobed, silver blotched leaves. Flowers white, covering the entire plant in the Fall. \$1.00.

ALMA. A wavy edged leaf like the Lucerne type, flushed with silver, red beneath. Flowers pink. \$1.00.

LOLITA G. Rather tall growing with deep red leaves, flowers deep rose. \$1.00.

NITIDA. A dwarf type with glossy green leaves, very free flowering. Flowers white. 50c.

ODORATA ALBA. Taller growing than the above, with sweet scented white flowers, borne in clusters above the foliage. 75c.

ODORATA ROSEA. Thick, glossy green leaves, with rose colored flowers. Fragrant. \$1.50.

ROEZLI. Fine winter flowering type with glossy green leaves and orchid rose flowers in large clusters above the foliage. \$1.00.

ROSEA-GIGANTEA. Very free flowering, from December to March, rose red, covering the entire plant. Bushy growth, leaves shiny green. \$1.00.

TEA ROSE. An everblooming begonia with flowers of rose pink, very fragrant. 75c.

OADI. Very free flowering, upright type, similar to the Semperflorens with much larger flower clusters in a lovely soft pink. 50c.

- UNDINE. Crinkled leaves of green with sweetly scented white flowers. 50c.
- OLBIA. A beautiful maple like leaf with tints of Autumn colors. Flowers white tinged pink. \$1.00.
- MRS. KIMBALL. Rather tall grower, leaves finely toothed, green flushed red, covered with minute hairs. Flowers in winter, pink. \$1.00.
- SMOOTH MACROCARPA. Strong, dwarf growing type with narrow slightly wavy leaves of rust green, very dark red under. \$1.00.
- ULMIFOLIA. Leaves the color and texture of an Elm leaf. Very shrubby growth. Flowers white in great profusion. 50c.
- SUBVILLOSA. A fast growing type with green plush-like leaves, flowers very freely, in white feathery clusters. 50c.
- MARJORIE GIBBS. The well known "Christmas Begonia," with a profusion of deep rose flowers from December to April. \$2.00.
- RUBRO-VENIA. An interesting species from India. Very dwarf, with pointed tapering leaves, satiny green on the upper side dark red under. Flowers white tinged pink. 50c.
- SPOTTED RUBRO-VENIA. Same as above with much spotted leaves. 75c.
- SILVER RUBRO-VENIA. Leaves a lovely silver sheen, very dark red under. A striking plant. \$1.00.
- MARGARITACEA. A lovely dwarf plant, with mettalic red leaves. Flowers soft rose pink. \$2.00.

#### **Hanging Basket Types**

- GLAUCOPHYLLA SCANDENS. A rare and beautiful plant with pointed light green leaves, flowers a true salmon at the ends of the drooping stems. Winter flowering. \$2.00.
- ALBA SCANDENS. Compact basket type with shiny crinkled green leaves. Blooms in feathery bunches like Baby's breath, snowy white. 75c.
- GLABRA. Leaves larger than above, very glossy green, flowers white, strong grower. \$1.00.
- IVY-EVER. A recent introduction, with small pointed leaves, veining dark red, flowers freely, a lovely begonia pink. \$1.00.
- MARJORIE DAW. Larger leaved but pendant growth, bright green leaves, very strong growth. Flowers infrequently, deep pink. 50c.
- GLAUCO-DAW. A hybrid of the above, more compact grower with heavy dark green leaves, deeply veined and ruffled. Flowers infrequently, bright pink. \$1.00.

#### **Angel Wing Group**

- CORALLINA DE LUCERNA. Perhaps the best known in this group. Large smooth dark green leaves spotted with silver; flowers rose red in long pendulous clusters. 50c.
- PRESIDENT CARNOT. Like the above with light green leaves and faint silver spots; flowers bright red. 75c.
- PRESIDENT GAULIN. Sometimes called Pink Carnot. A dwarf grower in this group, leaves smooth light green, veins and edges flushed with red; flowers brilliant rose. 75c.
- MME. DE LESSEPS. A beautiful plant of easy culture; flowers in large clusters white tinged pink. 50c.

- ARGENTEA GUTTATA. The well-known trout leaf begonia with slightly lobed heavily spotted leaves; flowers white often tinged pink. 50c.
- RED ARGENTEA. A seedling of above with large clusters of deep pink flowers; tall grower. \$1.00.
- SURETTA. A pretty low growing plant with shiny maple shaped leaves, light green suffused with pink and silver spotted; flowers light pink. \$1.00.
- CODELAGO. A Lucerna seedling with silver spotted leaves, dark red beneath. Flowers light pink. \$1.00.
- INTERLAKEN. A striking type, with dark wavy green leaves, winter blooming having large clusters of dark crimson flowers. \$1.00.
- ORRELL. Usually dwarf growing light green, ruffled leaves, heavily spotted with silver, bright red flowers in winter. \$1.00.
- MAYBELLE E. Another silver spotted, well branched type, with pink flowers. \$1.00.
- ANNABELLE. A beautiful plant with clear green leaves and large silver spots. Blooms profusely in large drooping clusters of rose pink. \$1.00.
- MACULATA. Light green leaves, silver spotted. Flowers pink. \$1.00.
- CORINTHIAN PINK. Small leaved angel wing type, leaves flushed pink. Light pink flowers, blooms freely. 50c.
- SARA BELLE. A seedling of Maybelle E. Medium small leaves of cress green thickly silver spotted, veins red. Flowers very deep rose, with white center to the seed-pods. Blooms constantly and likes sun. \$1.00.
- LOBATA VARIEGATA. A low branching plant with serrated leaves, heavily silver spotted. Grows best in heat. 50c.
- COCCINEA. Rubra or Angel wing Begonia. Glossy green leaves, salmon pink flowers in drooping clusters. 50c.
- RED RUBRA. Brilliant scarlet flowers. \$1.00.
- SHASTA. A large flowered white in the Coccinea class. Leaves faintly spotted with silver. Flowers fragrant. \$1.00.
- WHITE RUBRA. Leaves, narrower and slightly silver spotted, flowers white. 50c.
- PINK SHASTA. A splendid winter bloomer. Leaves slightly ruffled and pointed on the lobe. Flowers bright begonia rose. Rather dwarf grower. \$1.00.
- HELEN W. KING. Of medium growth with dark metallic leaves, sometimes silver spotted. Flowers pink, close to the main stems, as in fruit blossoms. Very striking. \$2.00.
- ROSIE MURPHISKI. Very dwarf bushy growth, leaves bronzy red, with wrinkled edges. Flowers pink on short stems, close to the red stems. 50c.
- HELEN. A graceful plant with greenish bronze leaves, flowers in drooping white clusters. \$1.00.
- LECCO. Leaf ivy green, covered with silver spots, under side, dark red; blooms begonia rose, a medium well branched type. \$1.00.
- LUGANO. Dark green finely serrated leaves, plant of well branching habit, flowers deep pink produced in great profusion. \$1.00.
- DI-ANNA. A wonderful free flowering plant. Seedling of the orange flowered Dichroa, produced by the late Alfred D. Robinson. Rather dwarf grower, leaves a bronzy green, with faint silver spots. Blooms light salmon-orange. \$1.50.

DI-ERNA. Similar to above with greener leaves, narrow and slightly wavy. Flowers a deep salmon. Blooms continuously. \$1.50.

ANGULARIS. Sometimes called Zebrina. Leaves gray striped, with a satin grey sheen over all. A bushy grower, stem dark red, flowers very small in close clusters, white. 50c.

ACUTANGULARIS. Stems deeply grooved with larger leaves than the above with the same beautiful silver sheen. 50c.

COMPTA. A taller grower than the last named, with silver stripes and under side red, slightly wavy and irregular. Flowers white, a scarce bloomer. 50c.

GREY FEATHER. Well named for the leaves are pointed and irregular silver grey and shiny like Compta. Flowers creamy white. 75c.

VITIFOLIA. Grape leaf, large cluster of small whitish-pink flowers, handsome winter bloomer. \$1.00.

QUERCI. Tall irregular leaves, red, with silver spots. \$1.00.

#### **Hairy Leaved Group**

MACROCARPA. An African species, leaves green, dark red under, covered with fine white hairs to give the effect of velvet. A dwarf grower, well branched, flowers white. \$1.00.

SCHMIDTIANA. A cunning dwarf begonia with rounded leaves of dark green; flowers white. 50c.

HAAGEANA. Of easiest culture; stems, leaves and flowers thickly set with red hairs; a constant bloomer. 50c.

HAAGEANA var. DROSTII. Rounded dark olive green leaves, flowers very large, white with thick deep red hairs. \$1.00.

UROPHYLLA. Very dwarf. The plant is stemless, leaves rising directly from the root; flowers in loose panicles, white flushed pink. 50c.

UNDEMILLE. Similar to above; flowers are borne on long drooping stems, very large white, set with red hairs. \$1.00.

VIAUDE. Leaves long, dark green; flowers profusely borne on long stems, very large, pure white with gorgeous golden stamens. \$1.00.

DUCHARTREI. Leaves light green, large waxy white flowers. 50c.

MARGARITAE. Hairy foliage with dark green metallic lustre, flower blush-pink; a free bloomer. \$1.00.

METALLICA. An old favorite. Leaves bright green with metallic lustre and hairy; flowers in short clusters, white with pink hairs. 50c.

ALLERYI. A compact grower, leaves dark green, red veined beneath; flowers beautiful deep rose appearing, covered with rose hairs. 50c.

LOMA ALTA. Introduced in 1935 by Mrs. E. M. Fewkes. A beautiful plant with large dark red leaves, and huge sprays of white flowers. 75c.

SCHARFFIANA. A beautiful plant with large fleshy leaves, flowers white, on long drooping stems. \$3.00.

CYPRAEA. Leaves light green, hairy; flowers pink. 50c.

RUFIDA. Leaves bright olive green, red under; covered with thick white hairs; flowers white, thickly set with red hairs. 75c.

NELLIE BLY. Small dark olive green leaves, buds and flowers, deep red, bushy growth and free bloomer. 50c.

**PRUNIFOLIA.** Leaves dark green, red under; flowers ivory in large drooping clusters; very striking. 50c.

Mrs. **FRED T. SCRIPPS.** Leaves peculiarly divided into lobes, sometimes deeply cut and rounded, flowers in loose sprays; very striking and a good grower. \$1.00.

### **Red Leaved Group**

**MRS. W. A. WALLOW.** Long narrow olive green leaves, under side deep red; flowers deep pink. 75c.

**CHIALA-ROSEA.** Like the above with smaller leaves; flowers pink. 50c.

**RED COMPTA.** A dwarf bushy dark red plant sometimes used as a basket begonia; flowers red. 50c.

**BRAEMAR.** A beautiful large rounded incurled leaf of dark red; flowers white in long loose panicles. \$2.50.

**SANGUINEA.** A brilliant Brazilian species with thick ever-green leaves, glossy green above blood red beneath; small white flowers. \$2.00.

**THURSTONI.** An old favorite, hardy grower. Leaves metallic green with dark red veins and under; flowers pink. 50c.

**DOROTHY GRANT.** A larger plant than above; leaves dark red under, flowers white in large loose sprays. \$1.00

**ROGERI.** Like Thurstoni with irregular leaves. 75c.

**FRUTICOSA.** A dwarf thick leaved type well branched with dark green leaves, red under; small white flowers.

**DWARF FRUTICOSA.** Like the above in miniature; charming plant. 50c.

**FRUTESCANS.** A seedling of fruticosa, with the same low spreading habit. The leaves are cupped showing the dark red under surface; flowers are white. \$1.00.

**FRUTISCARIA.** Another fruticosa seedling with green thick leaves slightly flushed with red when grown in sunlight. \$1.00.

### **Small Leaved Group**

**FOLIOSA.** The tiniest leaved begonia, often called the "Fern-leaved." A beautiful plant with notched, miniature foliage, and very small white flowers at the ends of the drooping branches. 50c.

**MULTIFLORA ROSEA.** Smooth, shiny green leaves, slightly larger than Foliosa, Beautiful for its pendulous rose pink flowers, borne profusely in winter. 50c.

**FUCHSIOIDES.** The fuschia begonia, Small green foliage, with scarlet drooping fuschia like flowers in late winter. 50c.

**CORBEILLE DE FEU.** Upright growth, glossy green leaves. Flowers a brilliant coral red. Winter 50c.

**DIGSWELLIANA.** A low bushy grower with light green serrated foliage and drooping scarlet flowers. 50c.

**MEDORA.** Called the miniature Trout Leaf begonia. Very bushy, heavily silver spotted leaves. Light pink flowers in lovely drooping clusters in Autumn. 50c.

**WASHINGTON STREET.** Leaves the size of the small peach leaf and as glossy. Flowers in showers of white in mid-winter. 50c.

**INCARNATA** var. **SANDERSI.** Light green foliage of bushy growth, lovely large bright pink flowers throughout the winter. \$1.00.

**PREUSSEN.** Very bushy habit with small pink tinged foliage flowers in small clusters of rose pink. 50c.

- SACHSEN. Like the above with bronze foliage, making a lovely contrast to the coppery red blooms. 50c.
- WINTER JEWEL. Low bushy growth with satiny foliage and pink flowers. \$1.00.
- INGRAMI. Small red edged leaves, very strong bushy growth, flowers pink to red in pendulous clusters. 50c.
- LADY WATERLOW. A graceful plant with slightly hairy, glossy green leaves, flowers white tinged pink in late winter. 50c.
- JINNIE MAY. A miniature rubra type with red tinged foliage and dark rose flowers on long wiry stems. Different and interesting. 50c.
- DECKERS SELECT. Like Fuchsioides with larger leaves and heart shaped red buds, turning to pink as they open. 50c.
- PICTA ROSEA. Sometimes called the Baby Rubra, rose colored flowers freely produced in winter. \$1.00.
- PICTA ALBA. Narrow small dark green foliage, heavily spotted with silver. Flowers creamy white. 50c.
- MAY QUEEN. Narrow glossy green leaves with silver spots, flowers white in profuse drooping clusters. 50c.
- DECANDRA. A newly introduced plant with glossy green leaves, veins and stems red. Dwarf grower, flowers white. 75c.
- PERFECTIFLORA. A beautiful dwarf well branched plant, covered with white flowers in Autumn. 50c.
- UNDULATA. Glossy green leaves with wavy edge, flowers white. 75c.
- DREGEI. One of the so called "Maple Leaf" group, with bronze foliage and white flowers. Semi-tuberous. 75c.
- WELTONIENSIS ROSEA. Another semi-tuberous, with small pointed serrated leaves and red stems. Flowers pink. 50c.
- WELTONIENSIS ALBA. Same as above with white flowers. 50c.
- MULTANGULA. Very bushy growth, leaves cress green, white flowers. 50c.
- SUTHERLANDI. Beautiful orange flowered form of this semi-tuberous group. Leaves edged red. Good for hanging baskets. \$1.00.
- SUTHERLANDI LUCERNA. Another recent introduction of the basket type. Flowers salmon pink in summer. \$1.00.

#### THICK STEMMED AND PROCUMBENT GROUP

- PAUL BRUANT. Upright growth, very serrated bronzy foliage with huge clusters of pink flowers. Winter blooming. \$1.00.
- GILSONI. Dark green leaves deeply serrated, with dark brown markings along the veins. Flowers light pink and appear to be double. Winter bloomer and dwarf growing. \$1.00.
- FEASTI. The old fashioned "Pond Lily Begonia." A handsome plant with round pond lily like leaves, arising from the thick stems, low growing and profuse winter flowering with showers of light pink blooms on erect stems above the foliage. 50c.
- HYDROCOTYLIFOLIA. The pennywort begonia, or miniature pond lily, a cunning plant with round thick leaves, dark almost black markings along the veins when mature. Flowers pink in winter, stock very rare. \$1.00.

- BESSIE BUXTON. An upright pond lily type. The specimen plants are the most beautiful winter bloomers, covered from December to March with showers of pink. \$1.00.
- MANICATA. Leaves larger than Feasti, lighter green, and not as compact a grower. Flowers rose pink in tall clusters. \$1.00.
- MANICATA AUREO MACULATA. As above with mottled yellow and white foliage. \$2.00.
- BUNCHI. A ruffled and crested type like the Feasti, very fine for indoor culture. Winter flowering. Pink. \$1.00.
- PERLE LORRAINE. Upright growth with leaves of medium green and interesting chocolate markings, flowers pink. \$1.00.
- VERSCHAFFELTIANA. Very large glossy green, lobed leaves on long fleshy stems. Huge clusters of bloom in upright clusters in winter. 50c.
- RICINIFOLIA. Another large growing type, with bronze leaves, resembling the foliage of the castor-bean. New leaves deep red, flowers rose pink on tall upright stems. \$2.00.
- MARION. A smaller leaved type with bronzy red foliage, flowers pink. \$1.00.
- HERACLEIFOLIA. An old Mexican specie, and parent of the so called "Star-Begonias." Leaves deeply lobed a dark green, reddish beneath and hairy, stems covered with long red hairs. Covered with heavy umbels of pale pink flowers from February to April. \$2.00.
- SUNDERBRUCHI. The so called "Lady Singer" begonia. Deeply cut long lobed leaves of dark green, almost black along the middle of the ribs, under side dark red. Stems and under leaves covered with white hairs. Flowers in thick upright bunches. \$1.00.
- WADSWORTH SUNDERBRUCHI. A much smaller grower. A new dwarf hybrid and leaves with more red along the veins. Flowers pink. \$2.00.
- CONCHAEFOLIA. A curled leaf Feasti, with the same habit and blood, Choice. \$1.00.
- MRS. MARY PEACE. A deeply cut star begonia, with light green, very hairy leaves and stems. Flowers light pink. \$1.00.
- RUBELLA. Ricinifolia type with interesting chocolate markings. A strong grower. \$1.00.
- STRIGILLOSA. A Mexican specie of upright growth, large light green leaves, fringed with silky hairs and mottled with dark spots. Flowers light pink. New. \$2.00.
- PALOMAR. A strong growing type with large thick, shining light green leaves, slightly hairy beneath. Flowers light pink. \$2.00.
- TEMPLINI. A beautiful plant with mottled green leaves, tinged red when grown in full sun. Spots are rose to yellow. Covered with rose pink flowers in winter. \$1.00.
- JESSIE. The green leaved type of above. Free bloomer in winter. 75c.
- INVOLUCRATA. Upright growing, coarse green leaves, native of Central America. Flowers in nodding clusters above the foliage. \$2.00.
- NELUMBIIFOLIA. Huge light green, peltate leaves. Interesting for its enormous growth. 75c.
- MRS. TOWNSEND. Dark thick leathery maple shaped leaf, compact grower, large lacy shell pink flowers, borne on strong stems well above foliage. \$1.00.

### MULLEN LEAVED TYPES

- INCANA. This is better known as Peltata. Round thick mul-  
len like leaves. Low growing, flowers creamy white,  
tinged pink. \$2.00.
- VENOSA. Leaves thickly covered with silvery hairs. New  
leaves produced from paper-like sheaf, pleated,  
gradually unfolding to a flat rounded leaf. Will take  
much sun in winter. Very free flowering, ivory white  
and spice scented. \$1.00.
- KELLERMANI. Foliage much like Peltata but not as thick,  
as the leaves mature they turn pink and very fleshy.  
Flowers light pink in winter. \$1.00.
- WOOLLY BEAR. Very dwarf, free flowering plant, with  
round leaves, stems and underside, brown and wooly.  
Flowers white. 75c.
- CORIACEA. Thick glossy leaves, with very succulent  
growth. Flowers white. 50c.
- BARKERI. Large, thick leaves, hairy beneath. Flowers  
pink \$1.00.

### ROSE BEGONIAS.

#### NEW DOUBLE SEMPERFLORENS

These are the new Begonias, offered for the first time.  
Originated by Professor W. D. Holley, formerly of the Uni-  
versity of Connecticut. Professor Holley spent five years  
working with this group. Plants are very strong growing,  
very double, and of excellent color. We feel confident you  
will agree with us that they surpass anything yet pro-  
duced in this class.

- CALLA LILLY "NANNY ETTICOAT." Extra strong growing,  
the green and white leaves often fringed with pink-  
ish red, center leaves which resemble a miniature calla  
lily, flowers semi-double red. \$2.00.
- CHARM. A seedling of Nanny Etticoat with large single  
pink flowers white leaves, in profusion, thrifty  
grower. We consider this a prize. \$2.00.
- PINK WONDER. Dwarf upright, compact habit, green foliage  
gorgeous double pink flowers of immense size, most  
spectacular flowering begonia of the kind. \$2.00.
- TALL UPRIGHT. Non-branching, green leaves, very large  
round pendulant flowers; pure white, blush and light  
pink. \$1.00.
- MISS MUFFETT. Very dwarf, green leaves, soft pink flowers  
cushioned like the pin cushion flower. \$3.00.
- NEW HAMPSHIRE HYBRIDS. All double, green leaved,  
semi-dwarf plants in separate colors. Pink, deep  
rose, blush pink, red, white. \$1.00.
- SNOW WHITE. A very dwarf, green leaved, double white  
flowered form. \$2.00.
- BO PEEP. Best compact, bushy plant. Dark pink extra  
double flower, dark red small foliage, very free  
flowering. \$2.00.
- CURLY LOCKS. Dark bronze red foliage, semi-upright in  
habit, flowers shaped like a thimble, bright sulphur  
yellow with bracket of pink on upper petals. \$2.00.
- THIMBLEBERRY. Glossy dark foliage, dwarf habit, flowers  
hang in rich clusters resembling red ripe fruit, color  
changes from dark red to light red and yellow as  
the season changes. \$2.00.
- PINK GULLIVER. Reddish bronze foliage, upright habit strik-  
ing large clusters of double pink flowers. \$2.00.
- JOAN STRONG. Semi-dwarf bushy plant, red foliage, pink  
double flower, very showy. \$2.00.

- PIED PIPER. One of the loveliest new creations Dwarf bushy plant, very dark red foliage, upright cluster of crested pink flowers. \$1.00.
- WEEPY. Beautiful dark foliage, good branching habit, droops gracefully with Thimble like flowers of deep dark red. \$2.00.
- LITTLE GEM. Very dwarf, small dark red foliage compact grower, large double red flower. A real gem. \$2.00.
- RED CAMELLIA. Another charming red leaf semi-dwarf plant with the loveliest double red flowers opening like a rose, resembles a perfect miniature camellia. Ready in the Fall. \$2.00.
- PINK CAMELLIA. Same as above but somewhat larger plants, very showy, beautiful miniature camellia pink flowers. These are new seedlings. Ready in the Fall. \$2.00.
- RED RIDING HOOD. Very dwarf, red leaved, large double miniature red flowers. \$2.00.
- ROBIN HOOD. Semi-dwarf, red leaved, soft pink flowers of strange double form, very choice. \$2.00.
- JACK HORNER. Dark red leaves, reddish-pink flowers. A good novelty. \$2.00.
- PERRYANN. Dark red foliage, Thimble Hybrid type, large exquisite pink thimble like, flowers. Orders taken for future delivery, will ship as soon as small plants are available. \$2.00.

#### TUBEROUS SPECIES

- EVANSIANA. One of the oldest in this class. Tall growing with red veined leaves and showers of pink flowers. 50c.
- FROEBELLI. A stunning plant producing during the winter months, scarlet flowers from the center of dark green velvet leaves. Very choice. \$3.00.
- PEARCEI. Lovely canary yellow flowers, produced freely in Summer and Fall. Often used for hanging baskets. \$1.00.
- PEARCEI—ORANGE FLOWERED. Upright growth with light orange flowers two inches across. Summer flowering. \$2.00.
- SOCOTRANA. Peltate green leaves with single pink flowers, one of the parents of the winter blooming "Christmas Begonias." \$1.00.
- MARTIANA. Well known as the Hollyhock Begonia, with leaves like a miniature hollyhock and mallow pink flowers. \$1.00.

## SCENTED-LEAVED GERANIUMS

### Rose Scented Group

	Price
TRUE ROSE, <i>P. graveolens</i> , Old fashioned rose. Lavender blooms.	50c.
ROBER'S LEMON ROSE, <i>P. graveolens</i> . Strong rose scent. Irregularly lobed leaf.	50c.
MINT-SCENTED ROSE, <i>P. graveolens</i> var. <i>variegatum</i> , The variegated rose geranium	\$1.00
LADY PLYMOUTH, <i>P. graveolens</i> . Variegated, irregular shaped leaf.	75c.
GREY LADY PLYMOUTH, <i>P. graveolens</i> . Regular rose leaf with silver grey cast.	75c.
RED-FLOWERED ROSE ( <i>Vandesiae</i> ), <i>P. graveolens</i> . Crinkly leaf with mild scent.	75c.
ROUND-LEAF ROSE. Lobed tomentose leaf with rose scent.	50c.
SNOWFLAKE. Similar to above but with white flecks in leaf.	75c.
LARGE-LEAVED ROSE, <i>P. capitatum</i> . Large coarse deeply lobed leaf with rose scent.	50c.
TRUE CAPITATUM, <i>P. capitatum</i> . A New variety from South Africa. Round tomentose, dentate leaf with strong rose scent.	\$1.00.

### Lemon Scented Group

LEMON CRISPUM, <i>P. crispum</i> . Tiny crinkled leaves, pyra- midal shaped. Strong lemon scent. The finger bowl geranium.	50c.
<i>P. crispum</i> minor. Smaller leaves than above.	75c.
PRINCE RUPERT, <i>P. crispum</i> . The largest leaved in Crispum group. Strong lemon scent.	75c.
VARIEGATED PRINCE RUPERT, <i>P. crispum</i> var. <i>variegatum</i> . Beautiful cream and white leaf.	75c.
LEMON, <i>P. limoneum</i> . Extra strong lemon scent. Attractive rose pink blooms.	50c.
LADY MARY, <i>P. limoneum</i> . Compact growing small leaved variety with mild scent. Blooms magenta and pink in abundance.	50c.
GOOSEBERRY-LEAVED, <i>P. grossularioides</i> . Crispum leaves mottled yellow. Strong fragrance.	75c.
DR. LIVINGSTON (Skeleton Rose), <i>P. graveolens</i> . Deeply cut rose leaf with strong lemon scent.	50c.

### Fruit and Spice scented Group

APPLE, <i>P. odoratissimum</i> . Round leaf trailing variety. De- lightful fragrance, tiny white blooms.	75c.
NUTMEG, <i>P. Fragrans</i> . Small grayish strongly scented leaf. Small white blooms. A very popular variety.	50c.
LOGEEL, <i>P. fragrans</i> x <i>odoratissimum</i> hybrid. Compact up- right growth. Deeply lobed grayish leaf with old- spice fragrance.	\$1.00
ORANGE, <i>P. citriodorum</i> . Medium crenate leaves. Marvel- ous scent and beautiful blooms of white, lavender, and maroon.	50c.
APRICOT, <i>P. scabrum</i> . Deeply cut glossy leaf. Strongly scented. Lovely dark rose blooms.	\$1.00
STRAWBERRY (Countess of Scarborough) <i>P. scarboroviae</i> . Small glossy deeply cut leaf. Bright rose blooms. Choice.	\$1.00.

- FILBERT, *P. Schottesham* Pet. Small deeply lobed tomentose leaf. Crimson blooms in profusion in Spring. Strong filbert scent. 50c.
- GINGER, *P. torento*. Small round dentate leaf with grey cast. Beautiful large lavender blooms. Very pleasing fragrance. 50c.
- LIME, *P. nervosum*. Similar to the above. Leaves smaller and more dentate. 75c.
- COCOANUT, *P. parviflorum*. Small round leaves. Trailing habit. Tiny magenta flowers. 50c.
- UPRIGHT COCOANUT, *P. patulum*. New specie from South Africa. Small deeply lobed leaves with dark zone. Yellow flowers freely produced on long stems. Pleasant cocoanut fragrance. 50c.
- SOUTHERNWOOD LEAVED, *P. abrotanifolium*. Feathery — like leaves on tall stems. Fragrance and growth like old fashioned Southernwood. Small white and red blooms. \$1.00.

### Peppermint Scented Group

- PEPPERMINT, *P. tomentosum*. Old fashioned peppermint geranium. Large, lobed velvety leaf with strong peppermint odor. Feathery white blooms. 50c.
- JOY LUCILLE, *P. tomentosum* x *graveolens*. Large deeply lobed leaf with same velvety texture as peppermint with strong mint scent and pink flowers. A tall vigorous grower. One of our own hybrids. 75c.
- PUNGENT PEPPERMINT, *P. denticulatum*. Deeply cut skeleton-like leaf with grey velvety appearance. Taller grower. Flowers white, like peppermint. Mint scent. A very lovely variety. 75c.

### Pine Scented Group

- PINE SCENTED, *P. denticulatum*. Finely-cut and dentate leaf. Lavender blooms and strong odor. An attractive variety. 50c.
- FERN-LEAF, *P. filicifolium*. Similar to above. Leaf finer cut and fragrance stronger. 75c.
- PHEASANTS FOOT, *P. viscosum*. Cut-leaf with toothed edge. Bright attractive rose blooms, pine fragrance. 75c.

### Pungent Scented Group

- FAIR ELLEN, *P. quercifolium*. The best of the oak-leaf varieties. Medium sized oakleaf with dark zone. Shrubby growth. Attractive rose blooms. 50c.
- GIANT OAK, *P. quercifolium giganteum*. Large, lobed, coarse leaf. Tall growth. Bright rose blooms. 50c.
- STAGHORN OAK, *P. quercifolium*. Deeply lobed medium leaf with purple veining. Pink blooms. A fine variety. 50c.
- VILLAGE HILL OAK, *P. quercifolium*. Deeply lobed crenate leaf with pleasant scent. Blooms small lavender. 50c.
- BEAUTY, *P. quercifolium*. Pretty deeply lobed leaf with dark center. Lavender rose flowers freely produced. 50c.
- PRETTY POLLY (Almond-scented), *P. quercifolium*. Attractive deeply lobed green leaves, with dark center. Lovely pink blooms. 50c.
- SKELTON'S UNIQUE, *P. quercifolium*. Leaf wavy and slightly lobed with dark center. Prostrate growth. Lavender blooms. 50c.

- OLD SCARLET UNIQUE, *P. fulgidum*. Beautiful deeply cut grayish leaf, oblong shape. Brilliant red blooms on long stems. \$1.00.
- MRS. TAYLOR, *P. ignescens*. Deeply lobed cut leaf. Free blooming scarlet. One of the best. 75c.
- COLORINDA. Lady Washington type. Large rose pink blooms with carmine dark markings. Leaves large slightly lobed, pleasant pungent. 50c.
- BRILLIANT. Another beautiful flowering variety with large toothed leaves and crimson blooms. Compact growth. 50c.
- CROWFOOT, *P. radula*, cut leaf variety with greyish cast. Blooms freely, attractive lavender pink 50c.
- BLANDFORDIANUM, *P. graveolens* x *echinatum*. Deeply cut grey leaf. Wiry growth. Attractive white blooms with dark markings. An interesting variety. 50c.
- GRAPE-LEAF, *P. vitifolium*. An interesting variety with large grape-leaf foliage. Lavender flowers. 50c.
- GODFREY'S PRIDE. Fairly large lobed light green leaf. Coarse texture. Sweet apple-mint fragrance. Lavender rose blooms. 50c.
- ROLLINSON'S UNIQUE. A beautiful variety with slightly curled and ruffled leaves. Showy magenta blooms. Balm fragrance. \$1.00.
- MRS. KINGSLEY, *P. rapaceum*. Similar to the above. Leaves more curled. A choice variety. \$1.00.

## FANCY-LEAVED GERANIUMS

- ALPHA. Golden dentate leaf with narrow brown ring. Dwarf compact growth. Free blooming single red. Extra fine for the house. 75c.
- BECKWITH PRIDE. Mottled green and white foliage. Flowers large semi-double salmon red. Unique. 75c.
- CLOTH OF GOLD. Pure gold leaf. Single dark pink blooms. Choice. 75c.
- CRYSTAL PALACE GEM. Gold leaf with light green center. Blooms same as above. Very pretty. 75c.
- DISTINCTION. Dark green leaf with crinkled and dentate edge with a very distinct brown ring. Umbels of bright red blooms. A truly distinctive variety. 75c.
- FLOWERS OF SPRING. The variegated green and white geranium. Blooms single red. 50c.
- FRUTETORUM. A pretty dark zoned variety with beautiful single salmon pink flowers in abundance. 50c.
- HAPPY THOUGHT RED. Ruffled leaf with yellow center and white-green margins. Single red blooms. An old favorite. 50c.
- HAPPY THOUGHT PINK. Pink flowered variety of the above. Rare. \$3.00.
- HILLS OF SNOW. Silver grey leaf with narrow white margin. Blooms double light pink. A free bloomer. 50c.
- JUBILEE. Yellow green leaf with wide chocolate zone. Single salmon pink blooms. A very beautiful variety. 75c.
- MARSHALL MacMAHON. Similar to above. Zone is narrower and not as dark. Blooms single red. 50c.
- MARSHALL MacMAHON. Leaf a lighter yellow, with narrow zone darker than above. Blooms single pink. 75c.
- MARY ANN. Pretty green and white variegated leaf. Blooms single red. 50c.
- MOUNTAINS OF SNOW. Similar to the above. Leaves smaller, crinkled and cupped. 50c.
- MRS. LANGUTH. A fine variegated cream and white variety with double cherry red blooms. 75c.
- MRS. PARKER. The same as above. Blooms double light pink. A beautiful choice variety. 75c.
- Mme. SALLEROI DWARF. Another variegated leaf dwarf variety much used for edging. 50c.
- Mme. SALLEROI UPRIGHT. A taller growing variety of the above. Small single pink blooms. Very pretty. 75c.
- VARIEGATED S. A. NUTT. The variegated form of the double dark red flowered commercial variety. Green leaf splashed with white. 50c.
- MISS BURDETT COUTTS. The most beautiful of the tricolors. Leaf with cream edge and green center, purple zone splashed with pink. Very choice. \$3.00.
- LADY POLLOCK. Beautifully colored tricolor leaf of green, red, orange, and yellow. An old popular variety. \$1.00.
- MRS CULLUM. Leaf similar to the above. \$1.00.
- SKIES OF ITALY. Most brilliantly colored of the tricolors. Distinguished from Mrs. Pollock by its irregularly lobed leaf. Single orange red blooms. \$2.00.
- JANE MAXWELL. New. Brilliant zones of yellow, red and pink. \$3.00.

### **DWARF GERANIUMS**

- PIGMY. The tiniest of all geraniums. Small green leaves. Small double scarlet blooms. \$1.00.
- LITTLE DARLING. Small green leaves. Tiny single pink flowers in profusion. 75c.
- BLACK VESUVIUS. Small leaves of dark olive color. Medium single vermillion blooms. \$3.00.
- Mme. FOURNIER. Similar to the above. Leaf olive green. \$2.50.

### **Other Interesting Types**

- APPLE BLOSSOM. A pink and white rosebud. Very beautiful. \$1.00.
- RED ROSEBUD. Clusters of tiny double blooms, like miniature roses. \$1.00.
- PINK ROSEBUD. As above, blooms pink. \$1.00.
- ROSETTE. Blooms as above but of a magenta color. \$1.00.
- SWEET WILLIAM OR JEANNE. Single pink blooms with picotee edge. Leaves ivy-green. Dwarf compact growth. 75c.
- Mme. THIBAUT. Similar to the above. Flowers white with pink-blush. 75c.
- POINSETTIA. Scarlet, shaggy blooms like a miniature pinsettia. 75c.
- NEW LIFE. Three different types of blooms often seen on the same plant. Blooms usually red with white flecks sometimes white with red or white with pink center. \$1.00.
- DOUBLE NEW LIFE. Semi-double blooms striped red and white. Also called Stars and Stripes and Flag of Denmark. \$1.00.

### **Single Geraniums**

- BATTLE OF GETTYSBURG. Beautiful orange center shading to violet edge. \$3.00.
- MAXIME KOVALESKI. Rich orange. Very beautiful \$1.00.
- SNOWFLAKE. White with tinge of pink. \$1.00.
- HARRIET ANN. Beautiful salmon pink center shading to white. \$1.00.
- GERTRUDE PEARSON. Lovely light pink with white eye. \$1.00.
- BARBARA HOPE. Large salmon pink. \$2.50.
- BIRDS EGG. Lavender pink with dark pink dots. \$3.00.
- JEAN VIAUD. Semi-double light pink with white center. 75c.

### **Double Varieties**

- PRINCE OF ORANGE. Double orange. 75c.
- Mme. BUCHNER. Fine double white. 75c.
- BETTER TIMES. A new shade of Cherry Red. 75c.
- MONTMART. Double violet. \$1.00.
- DREAMS. A beautiful salmon pink. Free bloomer. Dwarf growth. \$1.00.
- DOUBLE DRYDEN. Cherry red with white eye. \$1.00.
- DOUBLE APPLE BLOSSOM. An old favorite, lovely soft pink and white. 50c.

### **Ivy Geraniums**

- SUNSET IVY (L'Elegante). Variegated ivy leaf with tints of pink when grown in the sun. Very choice. Lavender pink blooms. \$1.00.
- VARIEGATED IVY. A lovely variegated ivy geranium with single pink blooms. 75c.

## CACTUS. TUBEROUS ROOTED AND RARE

Very interesting group. Most of the species grow from so called tubers, or fleshy roots. Dormant during the summer months for us, and through this period they should be kept dry. Growth starts in the early Fall. Water sparingly, gradually increasing the amount until full growth. Requires copious watering in flowering period, which for us is from January to June on most varieties. The tubers can be repotted as required in sandy soil, adding bone meal for fertilizer.

ECHINATUM. The Sweetheart Geranium. The most popular in this class. Leaves grey green, tomentose under, short fleshy stems with spine like stipules. Flowers on slender stems, single white, each petal marked with red. Splendid for house culture. \$1.00.

STAPELTONI. Similar to above with carmine flowers, large purple spots. Leaves have a soft velvety texture. Choice. \$2.00.

FULGIDUM. The Celandine leaved Storksbill. Leaves like the wild celandine, wooly and grey, giving a frosty appearance. Thick stemmed. Flowers scarlet. Choice. \$2.00.

GLAUCIFOLIUM. The Black Flowered Geranium. Leaves large and ruffled, pinnately divided. Flowers on long stems above the foliage, striking maroon color, edged with gold, sweetly scented in the evening. Rare. \$2.50.

GIBBOSUM. The Knotted Storksbill. Lovely grey green foliage, stems fleshy and knotted at the joints. Greenish-yellow flowers. Evening scented. Choice. \$1.00.

APSIFOLIUM. Celery Leaved Storksbill. Large ruffled divided leaves, grey green. Climbing habit of growth. Flowers similar to Glaucifolium. Evening Scented. \$3.00.

DASYCAULE. Very thick stemmed, foliage finely divided and lacy. Small white flowers with red stamens. Very choice. \$3.00.

TETRAGONUM. Unusual type with quadrangular stems, round thick leaves, with faint dark zone. Single four petaled flowers, rose and white. \$1.00.

SCANDENS. Climbing Geranium. Round, glossy green, slightly zoned leaf. Huge umbels of single lavender flowers. \$1.00.

• ASCETOSUM. Climbing habit, small scalloped, cupped leaves, silver green. Flowers variegated single salmon pink. Very choice. \$1.00.

## CHOICE PLANTS FOR THE HOME AND CONSERVATORY

- TOLMIEA MENZIESII. Pick-a-back, or Mother of thousands. Excellent as a table plant in partial shade. Requires copious water. 50c.
- CEROPEGIA WOODI. The Rosary Vine, small succulent, heart shaped, grey leaves of trailing habit. Interesting flowers of maroon. Fine for the window garden. \$1.00.
- HOYA CARNOSA. The old fashioned Wax Plant. Flowers in umbels, light pink with star shaped center of rose. \$2.00.
- HOYA BELLA. Miniature Wax Plant; flowers white and sweetly scented. \$2.00.
- BILLBERGIA NUTANS. The friendship plant. Flowers emerge from the crown of spathe like leaves, sheath bright rose, flowers green and yellow striped. One of the most interesting early spring flowers. 75c.
- MARANTA BICOLOR. The prayer plant, so called because it closes the leaves at eventide. Fine for table plant in shade. Leaves bright green with maroon spots. 50c.
- MARANTA TRICOLOR. The most brilliant of dwarf marantas. Rare. Leaves of rainbow hue, under side bright rose. \$3.00.
- MYRTUS COMMUNIS. The legendary myrtle of the old world. Fine for the cool and shady room. Leaves glossy green, fragrant when crushed. \$1.00.
- OSMANTHUS ILLICIFOLIUM. The Chinese Holly; Variegated holly, small cream colored edged leaves. Excellent house plant. \$2.00.
- BOWEIA VOLUBILIS. The Climbing Onion. Succulent bulbs, producing during winter feathery green tendrils. Rare. \$2.00.
- ZINGERBER OFFICINALIS. True Ginger. Excellent house plant for shade. Foliage fragrant and spicy. \$1.00.
- CAMPANULA ISOPHYLLA. Star of Bethlehem. Trailing plant with star shaped blue flowers. 75c.
- CAMPANULA ISOPHYLLA ALBA. Same as above with white flowers. 75c.
- CYCLAMEN NEOPOLITANUM. Baby Cyclamen—tiny rose pink flowers, often sweetly scented. Leaves mottled. Rare. \$2.00.
- GYNURA AURANTIACA. Royal Velvet Plant. Beautiful royal velvet purple foliage plant. Choice. \$1.00.
- NERINE FOTHERGILLI. Guernsey Lily. Flowering bulbs from Africa. Large umbels of scarlet flowers in Autumn. \$1.00.
- ABUTILON. Flowering Maple. — Maple-like foliage, bell shaped flowers in colors of white, pink, red, orange, yellow, salmon, old rose. \$1.00.
- PASSIFLORA VINE. Passion Flower. Purple flowers. More exotic than Clematis; excellent house plant. \$2.00.
- LEMON VERBENA. Fragrant lemon scented foliage. 50c.
- AFRICAN VIOLET. Dwarf, compact grower, rounded leaves, violet like flowers, profuse bloomer. 50c.
- PLUMBAGO CAPENSIS. Shrubby plant with true blue Phlox flowers. \$1.00.
- BELOPERONE. Shrimp Plant. Everblooming, golden bronze sheaf protruding tiny shrimp flowers. 50c.
- RUELLIA-MAKOYANA. Flowers deep rich pink and tubular interesting decorative foliage, underside purple. 50c.
- STENOTAPHRUM. St. Augustine Grass. Beautiful hanging basket plant. 50c.

SAXIFRAGA SARMENTOSA. Strawberry begonia, beautiful hanging basket plant, small plants born on runners, flowers fluffy white. 50c.

MORAEA GRACILIS. Twelve Apostles, iris like foliage, white and blue flowers. 50c.

JUSTICIA. Plume plant, pink and red. \$1.00.

TIBOUCHINA. Princess Flower. Wonderful royal purple flower. Interesting shrub. \$1.00.

FICUS. Trailing fig, miniature like ivy leaves, fast grower, clings to walls. 50c.

INCH PLANT. Red, varigated, green. 50c.

SETCREASIA. Striped inch plant, new. 50c.

ANTHERICUM VARIEGATUM. Spider plant, St. Bernard lily, hardy decorative house plant. 50c.

CALATHEA. Bermuda Arrow Root, decorative foliage plant. \$1.00.

GREVILLEA WILSONI. Fire Wheel. A west Australian plant with fern like foliage. Flowers red and yellow. Rare. \$2.00.

FUCHSIA. Little Jewel. Finest of all the small flowered fuchsias. 50c.

FUCHSIA. Sun Ray. Foliage in sunset colors, flowers red and maroon \$1.00.

NIGHT BLOOMING CEREUS. Epiphyllum, large white flowers opening at night, very fragrant. \$1.00.

EPIPHYLLUM. Orchid cactus, large red flowers. \$1.00.

OXALIS ORTGIESII. Tree Oxalis-bushy upright growth, dark maroon purple under, flowers yellow. Rare. \$2.00.

OXALIS PEDUNCULARIS. Upright habit, small fleshy leaves, showy, orange-yellow flower. \$1.00.

OXALIS CARNOSA. Rhizomatous root stock, leaves small lettuce green, flower yellow in spring. 75c.

OXALIS BOWIEI. Giant pink flowers, large leaves, fall flowering, bulbs, three for 50c.

PITTOSPORUM. Australian Laurel, glossy, green shrubby growth, very fragrant white flowers. \$1.00.

CYPRIPEDIUM INSIGNE. Brown orchid or lady slipper orchid. \$1.00.

CENTRANTHUS. Prostrate Coleus. Fall blooming, showy white flowers. 50c.
